

No.91 Mistakes

A mistake is an outcome that is different to the one that was planned or expected. The greatest threat to creative problem solving is a fear of 'getting it wrong'.

Take a risk with these tasks:

- Which part of each image do you like best & why?
- Which image best represents 'mistake'? and why?
- Rank the images in order of personal interest.
- What might happen next in each case?
- How could each situation have happened?
- Include all four images in a short, new and interesting story that has a twist at the end.
- Include all four images in an eight-line poem

What happens in your class or school when a mistake is made?

Error-Mistake-Challenge-Problem-Issue: what do they all have in common?
