- a) Running a practical conference / workshop in January that will engage attendees in considering development of the curriculum and its proper assessment in wider contexts
- b) Drawing together materials produced at the workshop into a SW publication designed to support schools in evaluating and improving
  - the quality of their curriculum provision and its assessment
  - the quality of their curriculum leadership
  - pupils' attitudes, behaviour and personal development
- c) Organising a 'Teach Meet' element in our summer term meeting where attendees can share best practice in terms of curriculum and assessment
